By the house of Delegates Iuly 7th 1699.

The Message by the Honble Charles Hutchins & Rob^t
Smith Esq^r has been here rec^d and read and this house has
pused M^r Isaac Millers Lett^s and acco^{ts} and are of opinion
that the armes w^{ch} are Come in since his Ex^{cys} arivall be Lodged
in the Gen^{ll} Magazine at the Porte of Annapolis Except the
Drumes and Trumpetts w^{ch} it will be necessary to dispose of
to the Severall Countyes where the same are wanting for that
the Delegates of Cecill Baltemore Dorchester and S^t Maryes
Countyes have represented to this house that these Countyes
are not supplied wth nor have they any such warlike Instru-
ments amongst them. And as for the three hundred and odd
Quarter barrells of Gun Powder this house think it adviseable
for preventing of the same being spoyled or Damnified that
Twelve Quarter Barrells of Gun powder be sent to Each
respectiue Covnty to be Lodged for the Countyes Service and
that the Same be Distributed in the said Countys according to
the Discretion of the Coll: or other principle Millitary officer
of the said County and that seven whole Barrells of the s^d Gun
powder be Lodged in the afsd Gen^{ll} Magazine to be ready on any
Emergent occassion the remaining part to be Equally distri-
buted and Sent to the Severall Coll or other principle Military p. 34
