 No. 22
 p. 167

Sir Yours of the 30th Ult^o we have received and are surprised you never received any of our Letters. The Law particularly points out the Manner in which the Waggon, Horses &^{ca} are to be procured, which we enclose you. We think the Waggon, Horses &^{ca} which were offered by Non-jurors, since the Expiration of the Time limited, ought not to be received. We wish you to be as expeditious as possible in procuring the Waggon & Horses and have them sent forward to the Head of Elk; you will also forward the Flour to M^r Thomas Donnellan at Baltimore, as soon as possible. To expedite your Purchase of Waggon and Horses, we have sent you an Order on the Collector of your County for 10,000£ which we hope will be immediately paid.

Sir We are sorry to be informed, by a Letter from M^r Schenebely that you have not as yet entered on the Purchase of Horses; we request you to endeavour to procure them as soon as possible and have them sent forward to the Head of Elk. We enclose you an Order on the Collector of your County for 6000£ which we hope will assist to expedite your Purchase. We refer you to the Law for your Government in this Business.

[Council to Mr. Thomas Donnellan]

Please to make us a Return of what you have received and forwarded, since you have had the Business in your Hands, of whom you received it, when forwarded and what remains. Whatever M^r Smith declines receiving we would have sent to the Head of Elk, to be forwarded to the Army. If there should be any Flour musty or sour, it will be proper to have it baked into Bread, mixing it if necessary with some other Flour, so
