[Council to Colo. James Hindman]

Sir We received yours of the 6th Ins^t When we gave Directions to the Lieu^t of the County to receive Wheat from those who otherwise could not pay their Proportion of the 15 π C^t we little expected that a Measure tending so much to the Ease of the People would have met with any obstruction, much less that the Power of the Lieu^t of the County, to issue his Warrant to execute those who neglected to pay, would be disputed, particularly in a County which has not raised a Man of their Quota for the new Regiment & filling up our Battalions. We are of Opinion that it was the Intention of the General Assembly, that the Horses furnished by the Non-jurors should be construed a Part of the Number required from each County. Enclosed we send you five hundred of the new Money amounting to twenty thousand Pounds at 40 for 1, and request you to forward, with all possible Dispatch, all the Provision you obtain. The Cattle as well as Flour are extremely wanted at Camp and, as soon as you have made up a sufficient Number to send in a Drove it will be proper to hire Persons to drive them, to be delivered to Col^o Hollingsworth at the Head of Elk. It will not be proper to issue any more Certificates
