Gentlemen—We have not had Leisure, before now, to attend to the Several Matters mentioned in the Letters received from you. We cannot advise you to assume a Power of pressing Waggon in the adjacent Counties. It will be proper to have the Wheat taken from the French Agent, ground up and to take an Account of the Quantity of Flour produced by it and the Expence incurred in manufacturing it. Enclosed you have an Order on the Collector of the Tax for Baltimore County for five Thousand Pounds, which, we hope, will fully answer your Purposes.
