June 23 [Matt Ridley, George Town, to Gov. Lee.]

I did my self honor to write you p post and was in hopes to have heard from your Ho<sup>o</sup>ble Board on the Subject of the Horses. Militia Laws &c. From the hurry in which my last Letter was wrote I mistook in saying the number of the Baltimore Troop here rank & file was forty. I should have said the whole including commissioned & non Comm<sup>d</sup> the same with regard to the Frederick Troop. Since that Letter the number of the Frederick Troop is considerably diminish'd by Furloughs. The last Parade day only fifteen in the whole were muster'd Many are gone home to replenish in Money & others to look into their Family affairs. They are much dissatisfied with laying here so long & grumble much at their private expences; which are rather encreased from the want of proper provision not having been
