

of our Currency, I flatter myself you will encourage its being passed by preparing a Similar Law for the Support of the Credit of their Paper Currency among us

U. H. J.
Liber No. 34
May 8

The Excessive charge and burthen this Country is at present Subjected to by the great Increase of Pensioners in Several of Our Counties I believe might be hinted at, as calling for, and Capable of a Remedy; if it be truly Represented that the distribution of the great Sums annually collected for the Relief of the poor, as it is now made, instead of being an Encouragement to and a reward for Industry proves too frequently an Incitement only to Debauchery and Idleness. p. 490

Shall I also take the Liberty of intimating what considerable Benefit must accrue to the Inhabitants and what Honour must redound to yourselves from the foundation of a more perfect and more publick Seminary of Learning in this Province; a Scheme, this, long Since put in Execution among our Neighbours to whom our youth are Still obliged, much to the Disadvantage and discredit of this Province, to recur for a Liberal Education. Of such an Establishment, your discendents and late Posterity will reap the advantage and remember the present age with Gratitude From my knowledge of what vast pleasure and Satisfaction his Lordship Receives from being able to contribute to and Promote the Reputation. Honour and Prosperity of this Province, I will presume to encourage you to expect Something more than his bare approbation of such a Proposal
