NEWSPAPERS FOR MEMBERS.

Mr. MARBURY submitted the following order:
Ordered, That one paper having the largest circulation in each county, be furnished this Convention, to be kept on file in the Library, for reference, by the members.

Mr. MARBURY. This is an order to enable us to gather as much statistical and other information as possible. The whole State is very deeply interested in the proceedings of this Convention; and we may gather some very useful information and suggestions from the public press. I think the expense would be very small in comparison with the beneficial results.

Mr. PUGH. How are we to determine which paper has the largest circulation?

Mr. MARBURY. I have no objection to having all the papers.

Mr. DANIEL. Some of the counties have none.
 Mr. SANDS. Will the gentleman include all the papers in Baltimore City?

Mr. MARBURY. Yes, sir; it is only during the sitting of the Convention.

Mr. BERRY of Baltimore County. Have we under the Constitution any right to subscribe for papers?

Mr. PRESIDENT. We have not.

Mr. CLARKE. I will only ask one question with reference to the power of this Convention. I understand that we are not acting under the constitutional provisions contained in our present Constitution. By our actions we can overthrow the old Constitution, subject to ratification by the vote of the people; and I conceive that it is certainly within the limits of our power to pass such an order as this.
