

1 to the question raised by the delegate who is Chairman  
2 of our Taxation Committee, under the Committee's recommenda-  
3 tion, the legislature shall not be any larger than 35 and  
4 105. It is possible, of course, under their recommendation  
5 for that legislative size in both bodies to be smaller--  
6 80-40, whatever you will have.

7 All three groups that I have referred to  
8 interviewed in one form or another present, past legislators  
9 or members of the legislative body.
