

1 is five months. So that if this situation should
2 prevail at any time, the right of people to gather their
3 petitions in order to have a law suspended would be
4 seriously curtailed if that law was in effect in that
5 fifth month or by June 1.

6 I am wondering under the circumstances, I also
7 note, of course, that this amendment has deleted Section
8 1 of the proposal, which this Convention has already
9 voted upon, I wonder if in the interest of time and
10 proper review if the sponsors of this amendment would not
11 withdraw it for the present and take another look at it
12 and bring it back and let's get on with approving the
13 committee recommendation and realizing that there will
14 be another opportunity to amend this entire section.
15 (Applause.)

16 DELEGATE JAMES: I take it this is a gentle
17 hint to sponsors of the amendment, will the sponsors
18 please for a vote?

19 DELEGATE GILCHRIST: Mr. Chairman, I was in
20 the process of discussing another point with Judge
21 Sybert and missed the inquiry.
