

1 DELEGATE MUDD: You mean by that the district
2 court?

3 DELEGATE MALKUS: Yes, sir.

4 DELEGATE MUDD: Substantially, yes.

5 DELEGATE MALKUS: My question again to you is
6 this: Why are you saying each county shall have a circuit
7 court or a superior court, which very few people see,
8 and a judge, rather resident judge, and not have a peoples
9 court judge as we know it, or magistrate as we know it, or
10 we will know it under the district court?

11 DELEGATE MUDD: Because the present Constitution
12 and present law requires a superior court judge in each
13 county and we are leaving to the wisdom of the legislature
14 to determine whether there should be a district court
15 judge in every county.

16 THE CHAIRMAN: Any further questions?

17 Delegate Mason.

18 DELEGATE MASON: Mr. Chairman, did you in answer
19 to Delegate Chabot's question state that under Article
20 5.01 the legislature could not create a tribunal to hear
21 automobile injury cases.
