

1 prevent such a happening in the General Assembly?

2 THE CHAIRMAN: Delegate James.

3 DELEGATE JAMES: I think it could easily happen  
4 that mechanical equipment could break down, especially  
5 in the last days of the session and this would be simply  
6 catastrophic. It would be, -- you know, we are at the  
7 mercy of the stenographers in this state. They have a  
8 pretty good system. There are not too many of them and  
9 they charge pretty well, and if a stenographer would hap-  
10 pen to get sick, or it were late at night and you didn't  
11 have another stenographer handy, I don't know what you  
12 would do. I guess you would have to simply hold up until  
13 you could get a stenographer.

14 THE CHAIRMAN: Delegate Koger.

15 DELEGATE KOGER: Delegate James, don't  
16 you think that if you have transcripts of your debates  
17 that the average delegate could plan to execute what he  
18 says perhaps with greater care?

19 THE CHAIRMAN: Delegate James.

20 DELEGATE JAMES: Well, if this is any sample  
21 here, I wonder.
