

1 on Personal Rights and Preamble yesterday heard testimony
2 from a number of people concerning rights of labor. We
3 did not hear fully from the three or four delegates who
4 have submitted proposals, ^{including} ~~that is~~, Proposal No. 34, which
5 was submitted by Delegates Murphy, Vecera and Harris, ^{and} were
6 promised an opportunity to appear before our Committee to dis-
7 cuss ^{it} further if they wanted to do so, and also Delegate
8 Miller, in connection with ^{his} Proposal 121.

9 Monday at 2 o'clock the Committee will consider
10 any further remarks or arguments or statements that any
11 of these four delegates would like to make on behalf of
12 their proposals. Thereafter, the Committee proposes to
13 debate this issue and to make a decision ~~as to what part~~
14 ~~these bills, or any similar actions with regard to the rights~~
15 of labor should be included in the Constitution; that is,
16 in the Bill of Rights.

17 Also on Monday, when we conclude ~~that~~, ^{the subject} either
18 after the Convention adjourns for the day or that evening,
19 we hope to get to the subject of Freedom of Religion, which
20 is covered in Section 1.03 of the Draft. Hopefully, we
21 will have some action on that.
