Robert H. Carr, Treas.....	Baltimore .....	1923
Robert D. Case, Secretary.		

The Governor, with the consent of the Senate, appoints three members, one for two years, one for three years, and one for four years, and as these terms expire a successor is appointed for a full term of six years. The Governor designates a Chairman of the Board.

The Board was created for the purpose of executing the affairs of the penal institutions of the State and the Act creating it abolishes the Boards of Managers of the Maryland Penitentiary and the Maryland House of Correction. (Ch. 556, 1916.)

During the six years of its existence this Board has made a study of prison conditions in Maryland and other States. Its recommendations were embodied in a special report to the Governor under date of June 27, 1921. Its recommendations for the establishment of a shoe shop to make shoes for inmates of State Institutions, a printing plant to do printing for the State Departments, and an automobile tag plant to make tags for Maryland and other States were adopted by the Governor and by the General Assembly of 1922, and appropriations for these purposes placed in the bond issues. Appropriations amounting to \$120,000.00 will become available on August 15, 1922, and \$20,000.00 additional will become available on February 15, 1923. The shoe shop has already been established and now makes shoes for the inmates of all Maryland institutions. Plans for the printing plant are rapidly being completed, and it is expected to be installed and running in the Penitentiary during the current year. The automobile tag plant should be ready to make 1924 tags.
