Dr. T. A. Ladson..... Olney, Md.

The Governor appoints three members, not more than two of whom shall belong to the same political party. Each shall have resided in the State for five years prior to his appointment. Their terms are for six years each.

The law creating the commission was passed at the Legislative Session of 1920 and appears as Chapter 273. Under this law only such persons, associations or corporations may hold or conduct any meeting within the State of Maryland whereat horse racing shall be permitted for any stake, purse or reward, as are licensed by the Commission.

The Racing Commission has full power to prescribe rules, regulations and conditions under which all horse races are conducted; and may make rules restricting and regulating betting on all such races; fix and regulate the rate of charge by the licensee for an admission, the performance of any service, or for the sale of any article on the premises; and also may regulate the size of the purse, stake or reward offered for the conduct of such races, and the payment of money for salaries, fees and compensation by the licensee.

In addition to licensing racing generally for a prescribed period, bona fide County Fairs or Agricultural Exhibits are licensed by the Racing Commission to conduct racing.

The decision of the Commission in the suspension or revocation of licenses are matters in the discretion of the Commission. The action of the Commission in suspending or revoking any license is final, except, however, the propriety of such action is subject to review by the courts on questions of law only.

**STATE DEPARTMENT OF MECHANICAL ENGINEERING**

(Chapter 555, Acts of 1935.)

Terms expire first Monday in May, 1938.

It is the duty of the Department of Mechanical Engineering to make, in each fiscal year, a complete survey of all physical properties of the State, such as mechanical equipment and repairs necessary; to supervise the operation and maintenance of mechanical equipment inside and outside of all State buildings, including the heating, lighting, plumbing, ventilating, water supply and sewerage disposal. The Department is required to make an annual report of its activities, and list in detail all properties, repairs made and changes necessary. The State Engineer and the Senior and Junior Assistant Engineers are appointed by the Governor.

Elmer Hammond (State Engineer).....1023 W. Barre St., Baltimore  
 John F. Reus, Jr. (Senior Asst. Engineer).....5 Burke Ave., Towson  
 Harry Boublitz (Junior Asst. Engineer).....3640 Hickory Ave., Baltimore
