

The Bureau of Child Hygiene assists health officers and nurses in their child health activities; at the request of the County Health Officer and with the approval of the local physicians organizes prenatal conferences for mothers, health conferences for infants and preschool children in the counties. The Bureau offers to physicians consultations for sick children; assists physicians in securing special services or hospital accommodations for indigent children; makes information on child hygiene available to county organizations, parent-teacher associations and others, through conferences, lectures, pamphlets, bulletins and other publications. It also conducts a course of demonstrations for midwives in the counties.

J. H. Mason Knox, Jr., Ph.D., M.D., Dr. Sc., Chief, Baltimore.

The Division of Personnel and Accounts does all departmental accounting of both money and property, and does most of the Departmental printing; purchases all supplies, material and equipment for the bureaus of the Department; directs the distribution of supplies; and exercises general supervision over employees of the Department. The Chief of the Division is the Recording Secretary of the State Board of Health and of the Executive Committee. He also supervises the financial aspects of full-time county health units and works with county and town officials in the preparation of joint budgets for such projects.

Walter N. Kirkman, Chief, Baltimore.
