

E. Allen Schilpp, Asst. Secretary . . . . . Baltimore

The Maryland Workshop for the Blind, which is located at 601 North Fulton Avenue, Baltimore, is a State institution incorporated by an Act of the Legislature of 1908—Chapter 566.

The general supervision and control is vested in a Board of five Trustees, three of whom are appointed by the Governor, by and with the advice and consent of the Senate, and two are selected by the Board of Directors of the Maryland School for the Blind.

The Board selects its Chairman and other officers from its own membership and is empowered to employ a secretary and other necessary employees and to fix their compensation.

The Workshop is conducted for the training, labor and manufactures for all blind citizens of Maryland over eighteen years of age, who can give satisfactory evidence of character and of their ability to do the work required of them. All the profits arising from the operation of the Workshop are used in furthering its usefulness.

It is the official commission appointed by the State for all matters pertaining to the adult blind of the State of Maryland.

Superintendent, Dr. William A. Bridges.

The Governor, with consent of Senate, appoints two bi-ennially for a term of six years from first Monday in May. (Ch. 429, 1906.)

The Hospital for Consumptives of Maryland also known as Eudowood Sanatorium was established in 1894, opened for patients in 1896, and moved to Towson in 1899. Most of the patients are free, only about 20% of the maintenance being furnished by patients. Applications are made through dispensaries, clinics and by any physician in good standing in the state. A small Private Room Department is maintained in which out of state patients are accepted.
