The Maryland State Board of Well Drillers was created by Chapter 584, Acts of 1968. The Board consists of seven members appointed by the Governor for two-year terms by and with the advice and consent of the Senate. One member represents the Eastern Shore, one represents Central Maryland and Baltimore City, one represents Southern Maryland, and one represents Western Maryland. The regional members must be licensed well drillers and be actively engaged in the well drilling business in the State at the time of their appointment. Of the remaining three members, one must represent the public at large and be Chairman of the Board. One member represents the Department of Water Resources, and one the Environmental Health Services of the Department of Health.

The Board administers and enforces all provisions of the Well Drillers Law. The Board is expressly vested with the power and authority to make and enforce such rules and regulations in order to carry out the provisions of the Act. The Board also gives examinations to qualified applicants, issues, suspends and revokes licenses, holds hearings in cases of the violation of provisions of the law or any of the Board's rules or regulations, and in general, regulates the business of well drilling in the State (Code 1957, 1964 Repl. Vol., 1968 Supp., Art. 96A, secs. 75-83).
