

## STATE PLANNING COMMISSION

The State Planning Commission constitutes an Advisory Board for the Department of State Planning. The Commission consists of nine members, each serving four-year terms. Seven members representing the public are appointed by the Governor. Membership also includes an ex-officio member of the State Senate appointed by the President of the Senate, and an ex-officio member of the House of Delegates appointed by the Speaker. Members are selected as far as possible to reflect different broad geographic, economic and social interests in the State. The Chairman of the Commission is designated by the Governor.

The State Planning Commission advises and reports to the Secretary of State Planning on all matters submitted to it by the Secretary, such as the State Development Plan. It may also consider current operations and activities of the Department, the needs of the State for further development, the establishment of regional or metropolitan planning areas, the effectiveness of the Department and its planning activities, and the public awareness and understanding of the objectives and functions of State and local planning. The Commission may establish such sub-committees as may be necessary, and may with the approval of the Secretary of State Planning, hold private or public hearings, and sponsor public forums in any part of the State whenever it deems it necessary or useful in connection with its advisory functions (Code 1957, 1969 Repl. Vol., 1975 Supp., Art. 88C, secs. 1-11).
