The Anatomy Board of Maryland, an ex officio body originally created by Chapter 669, Acts of 1947, had its membership altered by Chapter 436, Acts of 1975. The Board now consists of two members each from the medical schools in the State and a representative of the Department of Anatomy of the University of Maryland School of Dentistry. The members of the Board are designated by the administrative officers of each school. The purpose of the agency is to insure the proper distribution of bodies to qualified hospitals, medical schools, and other agencies engaged in medical education and research. Such bodies are used only for medical education and research. If, however, a body is claimed for burial by relatives it is surrendered for interment. The Board also carries out the provisions in the laws regulating Consent to Post Mortem Examination (Chapter 315, Acts of 1961) and the Anatomical Gift Act (Chapter 467, Acts of 1968). Bodies are distributed chiefly to The Johns Hopkins University School of Medicine and the University of Maryland Schools of Medicine and Dentistry according to an arranged plan (Code 1957, Art. 43, secs. 158-161).

The State Board of Chiropractic Examiners, created by Chapter 666, Acts of 1920, consists of three practicing chiropractors who must be residents of the State and graduates of a resident course in chiropractic and have practiced chiropractic in the State for a period of at least five consecutive years. The Governor appoints one member each year from a list of five names, including the incumbent member, submitted to him by the Maryland Chiropractic Association. Members serve three-year terms (Code 1957, Art. 43, secs. 499-512, Art. 48A, sec. 489). The Board examines applicants for licenses, investigates all complaints, and if necessary reports them to the State's Attorney.

The Board holds two examinations each year in March and September. It has power to investigate
