By Chapter 761, Acts of 1974, the Governor was authorized to appoint the Board of Trustees for Chesapeake College, a two-year regional community college serving the Eastern Shore. The Board of Trustees consists of two residents from each of the four counties served by the College. Members serve four-year terms and all are appointed by the Governor with the advice and consent of the House of Delegates to control, supervise, and guide the College (Code Education Article, sec. 16-507(a)).

OFFICE FOR CHILDREN AND YOUTH

Director: Tucky P. Heller

301 W. Preston Street, Suite 1502
Baltimore 21201 Telephone: 383-2290

The Office for Children and Youth was created by Chapter 426, Acts of 1978. The basic purpose of the Office for Children and Youth is to coordinate programs, services, and plans for children and youth. The accomplishment of these purposes precludes operation of programs and services. Rather, it is to assist operating agencies, local governments, and organizations in carrying out their functions efficiently, economically, and effectively and to assist families and the general public in knowing and obtaining information about programs, services, and plans for children and youth. The Office consists of a Director, twenty-four local Children's Councils, and the State Advisory Committee for Children and Youth. Within the Office is the Youth Advisory Council, formerly associated with the Governor's Commission on Children and Youth, Department of Human Resources.

The Director for Children and Youth is appointed by and serves at the pleasure of the Governor and is directly responsible to him. Among other duties, the Director examines programs, services, and plans for children from birth through age eighteen to identify duplications, gaps in service delivery or inefficiencies, effectiveness of programs, resources, and unmet needs. In regard to children's programs and services, the Director secures and analyzes Departmental plans and budget requests, reviews Federal funds used by and available to the State, collates relevant Governor's Budget items, issues impact statements, and makes recommendations to the Governor and appropriate Department heads on planning and expenditures. The Director serves as liaison with Departments and local governments to coordinate services and to make the best use of existing resources to effect an efficient and systematic delivery of services. With representative local Children's Councils and other child advocacy groups, including parents, the Director receives advice on resources, needs, and priorities in different localities. In addition, the Director provides public information on children's services in the State, advises the legislature on the needs of children and their families, and prepares an annual report to the Governor and the public.

The Advisory Committee, appointed by the Governor, consists of the Secretary of Health and
