

ment of Health and Mental Hygiene and the Department of Natural Resources. Members serve four-year, staggered terms, except for the representatives of the Department of Health and Mental Hygiene and the Department of Natural Resources who serve at the pleasure of their appointing authority.

The Board established its present certification program for superintendants in 1969 to protect the public health and to prevent pollution and is required to establish an additional certification program for operators as required by Chapter 999, Acts of 1980. The Board evaluates applications, prepares and authorizes examinations, and issues certificates to qualified persons in accordance with Article 43, Section 406A, as amended. Presently there are 3,000 certified superintendants, and it is anticipated that an additional 2,500 persons will be certified as operators.

MARYLAND STATE BOARD OF WELL DRILLERS

Chairperson: James J. Geraghty, 1982

Donald Bunker, 1982; George F. Easterday, 1982; Leo P. Ford, 1982; Edgar R. Kauffman, 1982; Raymond W. Ludlow, Jr., 1982; Ernest C. Reback, 1982.

Tawes State Office Building
Annapolis 21401 Telephone: 269-3520

The Maryland State Board of Well Drillers was created by Chapter 584, Acts of 1968, and transferred to the Department of Health and Mental Hygiene by Executive Order 01.01.1980.04. The Board consists of seven members appointed by the Governor, with the advice of the Secretary of Health and Mental Hygiene and with the advice and consent of the Senate for two-year terms. One member represents the Eastern Shore, one represents Central Maryland and Baltimore City, one represents Southern Maryland, and one represents Western Maryland. The regional members must be licensed well drillers and be actively engaged in the well drilling business in the State at the time of their appointment. Of the remaining three members, one must represent the public at large and be chairperson of the Board. One member represents the Department of Natural Resources and one the Department of Health and Mental Hygiene.

The Board administers the licensing program and issues licenses to the following categories of well drillers: Master well driller, journeyman well

driller; apprentice well driller, classes A and B; pump installer; water conditioning installer; well driver; and well digger. The Board is expressly vested with the power and authority to make and enforce such rules and regulations as are necessary to carry out its responsibilities. The Board requires that all licensed individuals meet the statutory requirements of insurance and bonding. The Board receives complaints against well drillers, holds hearings, and may revoke or suspend licenses for violation of the Board's rules and regulations. Any rule or regulation concerning the drilling of wells proposed by the Department of Health and Mental Hygiene must be referred to the Board for comment (Natural Resources Article, secs. 8-607 through 613).

HEALTH AND MENTAL HYGIENE SUBJECT AREA ADVISORY BODIES

AIR QUALITY CONTROL ADVISORY COUNCIL

Chairperson: William H. Zoller, Ph.D., 1981

Barton S. Mitchell, 1981; Clyde Humbert, 1982; Geneviene E. Matanoski, 1982; James C. Tuminello, 1982; Richard R. Cole, 1984; Julian H. Convey, 1984; Mehrl F. Mayne, 1984; John W. Stout, 1984; Charles E. Billings, Ph.D., 1985; Thomas X. White, 1985.

201 W. Preston Street
Baltimore 21201 Telephone: 383-3148

The Air Quality Control Advisory Council was created by Chapter 143, Acts of 1967, to supersede the Air Pollution Control Council, which had been created by Chapter 806, Acts of 1963. The present Council was established to adopt rules and regulations for the control of air pollution in the State. The Council consists of not more than thirteen members appointed by the Secretary of Health and Mental Hygiene. Membership must include a mechanical engineer, a chemical engineer, two members experienced in air pollution control matters chosen from a list submitted by the Maryland Chamber of Commerce, one doctor of medicine, and one person actively engaged in farming who is knowledgeable in farm and rural pollutant problems. Four members are selected one each from lists submitted by the University of Maryland, The Johns Hopkins University, the Council of Governments of Metropolitan Washington, and the Maryland State AFL-CIO. One member is a member of the Regional Planning Council recommended to the Secretary of Health and Mental Hygiene by the Reg-
