In 1972, the State Lottery Agency was formed to generate revenue for the support of State government (Chapter 365, Acts of 1972). Establishment of the Agency was contingent upon the adoption of a constitutional amendment which was ratified by the voters on November 7, 1972. Accordingly, the Agency commenced operation on January 2, 1973.

The Agency conducts statewide lotteries for instant, daily, and lotto games, as well as a lotto subscription game. Revenues from the State Lottery are deposited with General Funds in the State Treasury.

In 1976, the Agency began a pick-your-own three-digit daily lottery called "The Numbers Game" and, in 1983, a pick-your-own, four-digit lottery and a pick-six-out-of-forty Lotto Game. The Lotto Game was revamped in February 1989 as a pick-six-out-of-forty-four with set prizes of \$5, \$50 and \$600 for correct picks of three, four, and five numbers, and with a larger jackpot. Lottery ticket sales outlets are located in licensed retail establishments, and each location provides How-to-Play brochures and other game information. Prizes of \$600 or less may be claimed through any of these sales outlets. Licensed sales outlets sell and cash in daily lottery tickets through a terminal connected to a computerized on-line real-time system. Official winning numbers are drawn on live television. For "The Numbers Game," they are drawn daily Monday through Saturday; for the four-digit lottery, Monday through Saturday immediately following the three-digit drawing; and for the Lotto Game, Saturday evenings.

The Director of the Agency is appointed by the Governor with Senate advice and consent. The Director appoints the Deputy Directors (Code State Government Article, secs. 9-101 through 9-125).
