

Western Maryland (Keedysville)
 Central Maryland (Clarksville, Ellicott City,
 Cherry Hill, Beltsville, Upper Marlboro)
 Upper Eastern Shore (Wye Mills)
 Lower Eastern Shore (Salisbury, Princess Anne)

Although research programs throughout the State are diverse, the Station gives priority to programs that: 1) assist in sustaining competitive and profitable agriculture in Maryland; 2) develop technology for new and changing agriculture, aquaculture, and related industries; 3) increase the fundamental understanding of the principles and practices important to agriculture; 4) develop scientific criteria and increase the knowledge base for dealing with environmental and natural resource issues; 5) enhance the role of biotechnology in accelerating agricultural production efficiency, environmental quality, and natural resource management; 6) improve food quality and human nutrition; and 7) provide research leadership in human resource development and community vitality.
