Ocean City, MD 21842 (410) 289-9121

The Maryland Lower Eastern Shore Tourism Center Advisory Committee was created in 1984 (Chapter 716, Acts of 1984). The Committee advises the Department of Economic and Employment Development on the development and operations of the Maryland Lower Eastern Shore Tourism Center. Located on U.S. 13 North, the Center opened in December 1985.

The Committee consists of nine members. The Somerset County and Worcester County Boards of County Commissioners and the Wicomico County Council each appoint three members from their respective counties. Members serve five-year terms (Code 1957, Art. 83A, sec. 4-201).

MANDATED REPORTS

Certified Annual Financial Report to be made available for distribution to public.

Created in 1927, the Maryland-National Capital Park and Planning Commission has jurisdiction over parks and planning in Montgomery and Prince George's counties (Chapter 448, Acts of 1927). This authority covers all of the two counties except for certain incorporated municipalities.

Within the Maryland-Washington Metropolitan District, the Commission is empowered to acquire, develop, maintain, and operate parks systems. In all areas except Laurel, the Commission may spend public funds to acquire park land. Subject to county government approval, it also may sell general obligation bonds to fund park acquisition and development. All other expenses, including debt service, are paid from a separate park tax levied within the District. Since 1970, the Commission also has operated the Prince George's County recreation program, funded by a separate countywide recreation tax. The Commission provides services and educational programs relating to conservation and nature, recreation classes, local history, and the arts. Informational brochures and publications are available upon request.

Taking into account all factors of urban, suburban, rural and regional planning, the Commission prepares and administers a General Plan for the physical development of the Maryland-Washington Regional District. The District includes all of Prince George's County (except Laurel) and all of Montgomery County (except Rockville, Gaithersburg, and several small municipalities). For the portion of the District within their county, each planning board makes zoning recommendations to its county council. To enact zoning ordinances and change the zoning map, the planning boards have exclusive responsibility for subdivision approval, location and grades of streets, location of public buildings and utilities, and street naming and house numbering. Administration and operating expenses of the Commission are financed by property taxes levied by the two counties.

The Commission is composed of ten members. Five are residents of Montgomery County, and five are from Prince George's. The five members from each county make up the county's planning board.

Commission members serve four-year terms. In Montgomery County, three members are appointed by the County Council and confirmed by the County Executive, and two members are appointed by the County Executive and confirmed by the County Council. In Prince George's County, the County Executive appoints all five members subject to County Council confirmation. No more than three members from each county's planning board may be members of the same political party. The
