MISCELLANEA

The Republicans carried the State except for Baltimore City, Prince George's, Queen

Anne's, St. Mary's, Kent and Wicomico Counties.

Truman, the only President to take office in midst of a war, understood the powers of the Presidency and was able to lead the nation smoothly from a war footing to peacetime economy. Despite great accomplishments on the world scene, he made enemies at home and was not expected to win when he ran for re-election in '48; the voters, however, gave him a substantial victory.
