

1935, ch. 596, sec. 34.

35. It shall be the duty of the superintendent of State Police bi-ennially after June 1, 1935, to submit to the Governor of the State a full report on the state and condition of the system; this report shall include a full record of all persons retired under this sub-title, the rate of pay respectively given them, and also an estimate of the sum required for future requirements in accordance with the provisions of this sub-title until the next budget appropriation becomes effective. And it is further provided that the Governor of the State may upon receipt of the report from the superintendent of State Police recommend such future increases in the appropriation as he may deem necessary for the proper administration of this sub-title.

Teletypewriter System.

1937, ch. 406, sec. 36.

36. A Police Communication Bureau is hereby created which shall establish a basic, coordinating police communication system of teletypewriter communication, operating through sending and receiving stations, or receiving stations, only, and such associated equipment as may be necessary, at the headquarters of the Department of the Maryland State Police and at such sub-stations or detached posts of the State Police as shall be designated by the Superintendent of State Police, for the purpose of prompt exchange, collection and distribution of information throughout the State of Maryland, as the police problems of the State may require. The Bureau is hereby authorized and empowered to connect the said system, directly or indirectly, with similar systems in this or other states.

1937, ch. 406, sec. 37.

37. The teletypewriter system herein provided for may be made available for use by any department or division of the State government, and by any county, municipal, town, village, railroad or other special police department lawfully maintained by any corporation in this State. Connection to this system may be made by any county, municipal, town, village or other police department maintaining offices which are operating and open for business twenty-four hours per day or which the Bureau deems to be strategically located (that is, on a main highway, at a bridge, ferry, or at any other outlet from the State), subject to the following terms and conditions:

a. Application for permission to connect with the system shall be made to the Superintendent of the Department of State Police, on forms provided by him.

b. Such application may be approved by the said Superintendent, if in his sole discretion, he believes such connection is requisite and necessary for the best interests of the entire system.

c. Upon approval of such application and before the applicant shall be connected with the teletype system, such applicant shall agree to observe any rules or regulations which have been or may be issued and adopted by the Superintendent of the Department of State Police for the efficient operation of the system; and the said Superintendent is hereby authorized and empowered to make such reasonable rules and regulations as in his judgment are necessary and proper for carrying out the purposes of this subtitle, said rules and regulations, when duly enacted and published not
