

by the comptroller as provided by this article, shall, on or before the thirty-first day of July in each and every year, send his or their name or names with postoffice address and the names of the kinds, brands and trade marks, and of the manufacturer, importer or manipulator of each fertilizer sold or proposed to be sold, to the Maryland Agricultural College, and the same shall be registered in suitable books kept for that purpose; and any failure to comply with the provisions of this section, shall be punishable by a fine of twenty-five dollars (\$25) for the first offense and of fifty dollars (\$50) for every subsequent offense.

1890, ch. 387. 1894, ch. 397.

5. It shall be the duty of the Maryland Agricultural College to analyze without cost or charge all samples of fertilizers sent to it for the purpose of being analyzed by any person or persons purchasing or procuring the same in this State for his or their use or uses; provided, such persons are not interested in the analysis desired other than as consumers, of which affidavit shall be made and shall accompany each sample or brand; and further, such samples are taken and sent as described by this article, and free of cost of transportation to said college; and it shall be the duty of the Maryland Agricultural College to procure samples as far as practicable in every year of all the fertilizers sold and used in this State, for the purposes of analyzing the same; and any duly authorized agent or representative of the said college shall have the right to take samples as provided by this article from any lot or parcel of fertilizer in transitu or in possession or keeping of any manufacturer, manipulator, dealer or agent, and sold or offered for sale in this State; and it shall be the duty of the Maryland Agricultural College to send in the result of every sample of fertilizer to the person from whom such sample was taken or received, and also to publish from time to time the results of the analysis made by the said college of the samples sent to or procured by it for such purpose; and it shall be the duty of the Maryland Agricultural College, when reporting or publishing the result of any analysis made, to state the commercial value in dollars and cents of the fertilizer so analyzed, per ton of two thousand pounds, such value to be based upon the analysis made by the college, and upon a standard of valuation to
