

D. In addition to the duties and powers hereinafter conferred upon the State Soil Conservation Committee, it shall have the following duties and powers:

(1) To offer such assistance as may be appropriate to the supervisors of soil conservation districts, organized as provided hereinafter, in the carrying out of any of their powers and programs.

(2) To keep the supervisors of each of the several districts organized under the provisions of this Act informed of the activities and experience of all other districts organized hereunder, and to facilitate an interchange of advice and experience between such districts and cooperation between them.

(3) To coordinate the programs of the several soil conservation districts organized hereunder so far as this may be done by advice and consultation.

(4) To secure the cooperation and assistance of the United States and any of its agencies, and of agencies of this State, in the work of such districts.

(5) To disseminate information throughout the State concerning the activities and programs of the soil conservation districts organized hereunder, and to encourage the formation of such districts in areas where their organization is desirable.

19. CREATION OF SOIL CONSERVATION DISTRICTS. A. Any twenty-five (25) occupiers of land lying within the limits of the territory proposed to be organized into a district may file a petition with the State soil conservation committee asking a soil conservation district be organized to function in the territory described in the petition. Such petition shall set forth:

(1) The proposed name of said district;

(2) That there is need, in the interest of the public health, safety, and welfare, for a soil conservation district to function in the territory described in the petition;

(3) A description of the territory proposed to be organized as a district, which description shall not be required to be given by metes and bounds or by legal sub-divisions, but shall be deemed sufficient if generally accurate;

(4) A request that the State soil conservation committee duly define the boundaries for such districts; that a referendum be held within the territory so defined on the question of the creation of a soil conservation district in such territory; and that the committee determine that such a district be created.

Where more than one petition is filed covering parts of the same territory, the State soil conservation committee may consolidate all or any such petitions.
