<sup>82</sup> The present binding labels this volume as Liber RX, probably due to the influence of having both R and X copied together in Liber 6. The 1680 list of course mentions no Liber RX, simply Liber R 1659.

<sup>83</sup> These entries are in a hand different from that of the normal index entries, indicating that they were added later with the intention of adding the corresponding entries later or with the aim of identifying some loose papers kept between the last pages of the book.
