

1 correct, in this Section there is a gap, because we have
2 provided here that the person elected fills the unexpired
3 portion of the term. So, his associates in the Legislature
4 would take office immediately, Mr. Hoff. Are you satisfied,
5 Mr. Hoff?

6 MR. HOFF: Yes, sir.

7 THE CHAIRMAN: All right. Any further questions
8 or comment on ten? Section 13.

9 DR. BARD: Section 13 had been changed as fol-
10 lows. If you keep your Sixth Report before you, you will
11 note that, Each house shall appoint its own officers and
12 determine its rules of procedurc, and shall have power to
13 compel the attendance and testimony of witnesses and the
14 production of records and papers either before such house
15 as a whole or before any committee thereof.

16 Well, we're getting here, in Section 13, to our
17 sixth point, the Legislature must have adequate subpoena
18 powers and the whole question of subpoena is discussed here.
19 We were asked to insert into this particular Section a
20 safeguard. So, because I think it's so terribly important,
21 Mr. Chairman, may I read the whole thing?
