

1 not to reconsider, I would hope that would be the end
2 of that particular point. One exception to that is
3 that I think each Committee Chairman or reporter must
4 be considered as an exception to this rule because
5 there are times when the Commission has taken action
6 in the course of debate which on further reflection the
7 Committee feels is inappropriate and should be recon-
8 sidered. Therefore, the exception to the rule will be
9 that the Chair will consider a request by a Committee
10 Chairman speaking for his Committee to reconsider any
11 matter which the Committee feels should be reconsidered.
12 I sincerely trust that each Committee Chairman will
13 not present matters except matters that the Committee
14 feels very strongly are vital and that the Commission
15 has acted erroneously upon.

16 I am laying these rules down as general
17 ground rules without any idea of being rigid about them.
18 We will simply have to make as much time as we can.
19 If we find that we are spending too much time in debate
20 on one matter, we will have to shut it off and move to
21 another.
