

WILLIAM DONALD SCHAEFER, Governor

(8) The members of the Advisory Council may not receive compensation for their services. The members may be reimbursed for their reasonable expenses incurred in the performance of duties, in accordance with the standard travel regulations, and as provided in the State budget.

(9) The Secretary of Economic and Employment Development shall provide staff support necessary for the completion of the Advisory Council's duties and as provided in the State budget. Supervision of the staff shall be provided by the Advisory Council.

(10) THE MEMBERS OF THE ADVISORY COUNCIL ARE REQUIRED TO ATTEND 50 PERCENT OF ALL COUNCIL MEETINGS.

C. Duties and Responsibilities of the Advisory Council. The Advisory Council shall have the following duties and responsibilities.

(1) The Advisory Council shall assist the Governor in developing the necessary State strategy to allow for a healthy and an expanding construction industry.

(2) The Advisory Council shall evaluate and review State and local problems besetting the construction industry and shall recommend to the Governor policies and effective measures to provide solutions to construction industry impediments.

(3) The Council shall submit such periodic reports on its activities as necessary and shall keep records and provide access thereto.

(4) The Council shall monitor, review and evaluate construction industry vibrancy and may hold hearings throughout Maryland from time to time to gather facts and information.

(5) The Advisory Council shall undertake and perform such other duties and functions from time to time, may be assigned to it by the Governor or which may be necessary for it to carry out the provisions of this Executive Order.

D. Rules of the Advisory Council. The Advisory Council may adopt rules consistent with this Executive Order.

EXECUTIVE ORDER OF JANUARY 11, 1990

01.01.1990.02

Governor's Pesticide Council

WHEREAS, Pesticides play an important role in the production of agricultural products and protection of health, structures, and forest; and

WHEREAS, The improper manufacture, use, storage, or disposal of pesticides holds the potential for impacting our health, the environment, and the Chesapeake Bay; and
