Receipts for checks given in connection with bids, 1897-1900, 1 file box.

#### PRINCE GEORGE'S COUNTY

Received September 30, 1940.

Although a detailed list of the Prince George's County records has been prepared, it is not possible to know at this time which of these records will remain at the Hall of Records. The list is now being studied by the Prince George's County Court and no formal transfer will be made until some of the records are returned to the Court and still others brought to the Hall of Records.

#### AIDS TO RESEARCH

In a broad sense almost everything which is done at the Hall of Records is an aid to research. When records are moved from a dark, airless courthouse vault or from an office which is too busy to answer inquiries, these records are already more available because of the addition of air and light or the services of an experienced attendant.
