Among the miscellaneous activities of members of the staff, mention should be made of a talk which Mr. Thomas made to the Genealogical Society of Detroit in the auditorium of the Detroit Public Library, September 13, 1952. Mr. Thomas also published an article on the papers of George Washington at the Hall of Records, in the *Picket Post*, and a review of Lyman H. Butterfield's *Letters of Benjamin Rush* in *The American Archivist*. A notice of the initiation of our Records Management Program appeared in the *News Letter* of the Municipal Finance Officers Association for June 1, 1953, thereby stimulating a good deal of correspondence from records officers as far away as Puerto Rico and Guam. A review of the *Seventeenth Annual Report* of the Archivist was published in *The American Archivist* for July 1953 and one of the latest Red Book Calendars in the October 1953 issue of the same journal.
