USE

Mme. E. Northern's HAIR GROWER

Is Guaranteed to grow hair. Use it on a clean scalp. You know that everybody's hand is not good for everybody's scalp. You realize that some people's hands bring success in whatever they undertake and with what I have learned and what I can teach you, I believe that God's power is in the hands of success, through faith, which we should put in all things.

I make my own HAIR GROWER. The best success starts small and grows larger. I first made up five pounds, and it did so much good that I made up fifty pounds and I now see that I will soon have to make up a hundred pounds. So you see how business will grow.

Give us a trial and if we please you, tell others; if not tell us. If we don't do as we say by your giving us a trial, then tell us. We do not knock any other hair dressers, as they are all in business for a living.

We thoroughly treat your Scalp first and then for disease of the Scalp.
