OUR ORGANIZATION

Seventeen years ago the Gross-Grant Company was organized with the idea of building an organization to assist our people in the matter of purchasing homes, renting homes, and saving their earnings through the building association.

How well we have succeeded in this purpose can well be settled by the fact that during that time no one has ever lost one cent of their earning through this organization. For that and many other reasons the public has come to look upon our company as one of the leading and most reputable real estate firms in the city.

OUR PROMISE

We promise that in the future we shall endeavor to live strictly up to this reputation which we have built and to give to the public whatever advantages we may possess through our long years of experience in the handling of all kinds of real estate transactions.

OUR PROPERTIES

Our homes are located in the most desirable sections of the city, and you will find that they are all in good condition.

OUR TERMS

Our terms and prices are absolutely the lowest possible, consistent with good business policy and our charges for financing are practically nominal.

If you haven't yet made the acquaintance of the members of our organization you are cordially invited to do so at your earliest opportunity and you will be assured of the most courteous and conscientious treatment.
