**FRENCH BURR MILL STONES.**

**Morris & Egenton**

CONTINUE TO IMPORT

**French Burr Blocks,**

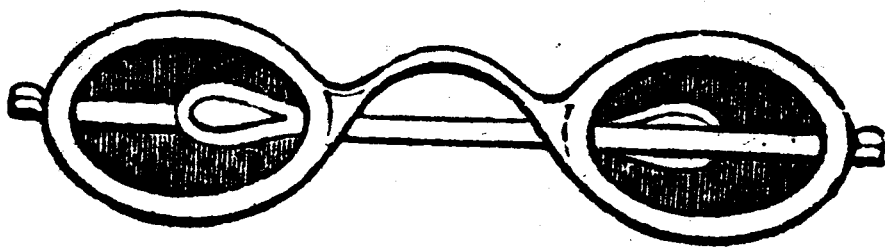

from which they are manufacturing warranted French Burr

**MILLSTONES,**

At the Old stands, W. Falls avenue, near Pratt-street bridge, and at the corner of Paca and Saratoga sts, near Lexington market.

Those blocks are quarried in France under the special care, of one of the firm, (William Egenton.) who for the last two years has taken up his residence in France, there to remain for several years to come, for the express purpose of procuring such blocks, which in point of quality and thickness, cannot be surpassed, while Thomas Morris, who flatters himself is well known as a workman, attends to the business at home. Owing to this arrangement, they are enabled to sell BURR BLOCKS and MILLSTONES, at very reduced prices. We invite all those interested to call and examine, and with a single glance, they will be convinced of the material advantage growing out of their present arrangement. They have also COLOGNE AND COCALICO MILLSTONES of various sizes, from five feet to 22 inches; and CALCINED PLASTER PARIS for sale as above.
