

PREMIUM Agricultural IMPLEMENTS.

The Maryland State
Agricultural Society

HAVE AWARDED

E. WHITMAN & CO.

FIRST PREMIUMS amounting to about FIVE HUNDRED DOLLARS for the LARGEST DISPLAYS of the BEST MADE, STRONGEST AND MOST USEFUL AGRICULTURAL IMPLEMENTS, exhibited at their several Annual Fairs, in 1848, 1849 and 1851, being more than double the amount received in Premiums, at the same Fairs, by any other Agricultural House.

We mention the above facts, that those who wish to purchase SUPERIOR Implements may know what kind, and whose make are considered the Best, Strongest and most Useful at home, where they are manufactured and known. These Fairs were the largest ever held in this country. Small County Fairs, have been held in various parts of our State, where there was little or no competition, and regarding such Premiums of little value, we do not publish them. Those who intend purchasing Premium Implements, should be CAUTIOUS, and first ascertain at what Fairs the Premiums were awarded, as some manufacturers whose machinery is considered 2d and 3d best at our State Fairs, receive premiums at County Fairs and Publish them without stating at what Fairs they were received, and in this way persons may be deceived, and PREMIUM IMPLEMENTS brought into disrepute.
