

made, we warrant their durability for five years under good care, and will replace with others, all which may not give satisfaction, if application be made within the first six months.

The Maryland Institute for the Promotion of Mechanic Arts awarded us the First Premiums three years in succession, 1848, 1849 and 1850; at their Annual Exhibition for 1849 we were fortunate enough to receive two First Premiums, one for our Grand the other for our Square Pianos. To these testimonials we confidently refer with pride and pleasure, especially as our instruments were placed in competition with those of the most celebrated manufacturers in the country. Our Establishment is now the most extensive South, (numbering over 100 workmen,) in which for thirteen years we have labored incessantly, sparing no pains and expense, to deserve the patronage so liberally bestowed on us. We have found an ample recompense in the testimonials to which we referred, as well as in the encomiums of the most celebrated artists visiting our shores, and the hearty approval and custom of our own Professors and Amateurs.

Orders from the Country attended to with all possible punctuality, and persons residing at a distance who may favor us with their orders, will find that it is not less our practice than our interest to send them such Instruments as bear the strictest scrutiny. The manufacturers will keep all Pianos sold by them in the City or within one hundred miles of the City, in tune for one year, without charge; they therefore recommend their Pianos with full confidence, assuring the public that they are determined not to be undersold by any dealer or manufacturer, and ask it as a favor of all wishing a good Instrument, to call and examine their stock before purchasing elsewhere.

N. B. Constantly on hand an assortment of CARHART'S PATENT MELODEONS, at prices ranging from \$50 to \$200, for which we are the sole Agents for this city.

KNABE, GÆHLE & CO.

FIRST PREMIUM PIANO FORTES,

No. 77 BALTIMORE STREET.

We having taken the First Premium at the last two Exhibitions of the Maryland Institute, would call the attention of those about purchasing to our Stock of 6, 6 $\frac{1}{2}$ and 7 octave Pianos, which cannot be excelled by any in the city for beauty of finish, quality of materials, or workmanship, the materials used being seasoned under our immediate direction and having the Iron Frame. For durability they are fully warranted, whilst their superiority of tone and touch is evident, and acknowledged by the most casual observer as well as the critical connoisseur.

Persons who contemplate purchasing a superior instrument would do well to call on the subscribers, where they can be accommodated on the most pleasing terms.

NEILL & DUROSS,

No. 77 Baltimore Street, Second Floor.
