JOHN McMULLEN, 71 South Street, Bowly's Wharf, BALTIMORE, MANUFACTURER OF MACHINE-MADE NETTING,

For Fishing Nets, Seines, and other purposes.

Also Seine Twine, Corks, Leads, Fishing Rope, &c.

Having always on hand a large quantity of Netting in the Web, orders can be filled with dispatch. Also, netting expressly made and adapted for the protection of fruit trees and garden vegetables from the frost, and berries from the birds.

REMARK.—As I possess the entire patent for the only machines in the United States making the netting knot, and as these machines are driven by steam power, I can manufacture netting cheaper and better than it can possibly be done by hand.
