CHAPTER 777.

AN ACT to authorize and empower the Board of Public Works of Maryland to co-operate with the United States Government and with the municipal corporation of Annapolis in the construction of a sewage disposal plant for the City of Annapolis, and appropriating the sum of Fifty Thousand Dollars, or so much thereof as may be necessary, for carrying out the provisions of this Act.

WHEREAS, The United States Department of Agriculture, through its Bureau of Chemistry, and acting in connection with the Hygienic Laboratory of the Treasury Department, has recently been conducting an investigation of all of the oyster beds of the Chesapeake Bay and its tributaries, as a result of which investigation it has been announced by the said Department of Agriculture that the Severn River is very badly polluted, which pollution is directly attributable to the dumping of sewage from Annapolis and the United States Naval Academy and vicinity into said river; and

WHEREAS, The said Department of Agriculture has ruled as a result of this investigation that all oysters taken from Severn
