

# HOISTING MACHINES

ON STRICTLY SCIENTIFIC PRINCIPLES,

FOR WAREHOUSES.

BEST AND

CHEAPEST!

The subscriber having been engaged in this business for the last twelve years in connection with his Iron Foundry, will guarantee a better Hoisting Machine for less money than can be produced in this city. Every merchant and owner of a warehouse will save the expense in a short time, to say nothing of the safety of his goods in being hoisted some sixty or eighty feet above his head. I would refer to some of the principal merchants in Baltimore and elsewhere, for whom I have put up these Hoisting Machines. The wheels are in use, and can be seen daily at work.
