

The bill for draining part of a branch of Tuckahoe, known by the name of Beaver Dam Branch, lying in Queen-Anne's county, was read the second time, passed, and, with the bill to lay out, open and clear, a road in Harford county, from a place known by the name of Darlington, to intersect the road leading from Belle-Air to Havre-de-Grace, sent to the senate by the clerk.

The clerk of the senate delivers the bill to alter and repeal such parts of the constitution and form of government of this state as relate to the division of Saint-Mary's county into election districts, endorsed, "will not pass." And the bill to lay out and make a public road in Frederick county, endorsed, "will pass." Ordered to be engrossed.

Mr. Carroll, from the committee, delivers to the speaker a bill, entitled, An act to change the place of holding elections in the fourth election district of Montgomery county; which was read the first time and ordered to lie on the table.

ORDERED, That the supplement to an act, entitled, An act for the relief of insolvent debtors be recommitted for amendment.

On motion, Leave given to bring in a bill, entitled, An act authorising the chancellor in certain cases to decree conveyances for land the title to which is in British subjects. ORDERED, That Mr. Hawkins, Mr. Shaaff and Mr. Waters, be a committee to prepare and bring in the same.

Mr. Ayres, from the committee, delivers to the speaker the following report :

THE committee to whom was referred the petition of sundry inhabitants of Harford county, praying legislative interference relative to the fish pots and artificial mounds and batteries which have been erected in the river Susquehanna, report, that they have taken the same under consideration, and find that by the act, entitled, An act for the preservation of the breed of fish, passed at May session, seventeen hundred and sixty-eight, and made permanent by the act of November session, seventeen hundred and ninety-eight, chapter seventy-one, the erecting of fish pots in the Susquehanna is thereby prohibited, and the remedy therein provided so ample and full as to supersede any further interference on this part of the petition by the legislature.

On the subject of artificial mounds and batteries, your committee find that by the act, entitled, An additional supplement to the act, entitled, An act for making the river Susquehanna navigable from the line of this state to tide water, passed at November session, seventeen hundred and ninety-seven, chapter ninety-nine, section four, the bed of the river Susquehanna from the Maryland line to tide water is declared a public highway, the erection, therefore, of any artificial mounds or batteries in obstruction of the navigation of the said river, or to the destruction of the fry of fish, without a law to sanction the same, is already punishable by law as other nuisances erected in public highways are punishable, and that special legislative interference is unnecessary. With respect to the construction of the locks of the Susquehanna canal, so as to admit of the fish fry going through them, it does not appear that the governor and directors have refused to amend the said locks, so as to leave apertures therein sufficient for the passage down of said fish fry, nor have they any information as to the practicability of the constructions of said locks, with apertures, without great injury to the said locks. Your committee are therefore of opinion that it would be inexpedient to interfere on this part of the subject, contained in the petition, during the present session.

By order,

C. GIBSON, clk.

Which was read the first and second time by especial order and concurred with.

The house, according to the order of the day, proceeded to the second reading of the bill to incorporate a company to make a turnpike road from the line of the district of Columbia where it crosses the post-road leading from George-town to Frederick-town, through Montgomery and Frederick counties, to Frederick-town; which being read throughout, the question was then put, Shall the said bill pass?
