Mr. W. H. Brown, from the committee, delivers to the speaker the following report:

THE committee to whom was referred the report of the trustees of Charlotte Hall school, beg leave to report, that they have taken the same into their consideration, and are of opinion that the facts therein stated are correct, and that the unavoidable expense incurred by the institution in finishing the necessary buildings for the reception of a great number of scholars, has placed the same under some temporary embarrassments, that the donation granted by the liberality of the state has not been able wholly to obviate. They further report, that the school is now in a flourishing state, and promises to diffuse the blessings of education to a considerable portion of the citizens of this state. Under this impression, the committee can but suggest the propriety of acceding to the prayer of the trustees of the said school, as without some further aid from the legislature, the object of the appropriation heretofore granted to the institution, will in a manner be defeated; the committee therefore respectfully submit the following resolution to the consideration of the house.

RESOLVED, That this state will forego the claim of sixty pounds interest on the loan of one thousand pounds to the trustees of Charlotte Hall school, until such time as the legislature of this state shall find it expedient to demand the same.

Mr. Shaaff, from the committee, delivers to the speaker the following report, as amended.

THE committee to whom was referred the memorial of Jeremiah Townley Chase, chief judge of the third judicial district, report, that they have taken the same under consideration, and are of opinion that the application of the memorialist is reasonable, and ought to be granted.

The committee further report, that an act passed the last session of assembly, entitled, An act concerning the chancery court, by which certain chancery duties were imposed upon the chief judge of the third judicial district, or the court thereof, at the election of the complainant, and by the said law the chancellor is authorized to require the opinion of the said judge on any question of law which may arise in chancery, and in which, according to the usual practice, such opinion may be thought necessary; these duties are, in the opinion of the committee, in no manner connected with the office of the memorialist, and ought not to be required of him without an adequate compensation, and no compensation has yet been made by the legislature. The committee, for these reasons, think that the following resolution ought to be adopted by the house.

Whereas certain duties are imposed upon the chief judge of the third judicial district by an act passed at the last session of assembly, entitled, An act concerning the chancery court, which duties are wholly unconnected with the office of the said judge; and it being proper to make some compensation for the said service, therefore RESOLVED, That \_\_\_\_\_ dollars be added to the salary of the chief judge of the third judicial district, to commence from the passage of the act concerning the chancery court, as a compensation for his services, performed or to be performed, under the said act; and that the treasurer of the western shore pay the same quarterly to the said chief judge, or to his order, out of any unappropriated money in the treasury.

All which is submitted.

By order,

D. L. JACOB, clk.
