Public attention is now called to the great FEMALE LIFE SAVING REMEDIES. N. B.—A sealed correspondence suffices. Change of life, Dropsy, Gravel, Nervous Spasms, Fits, Kidney, Heart, Pains from Head to Foot, suffering as though being centered in a hot furnace, relieved in five minutes.

From Professors, Ministers, Heads of Families and lady Doctresses, the very humble Dr. ROBERT DELANEY won his Female Medal Book of Cures. Well his great *saving of life* deserves the praise of this community, and stands a monument to his Herb-Medical fame worthy to be inscribed in LETTERS OF GOLD. It has been said by a wise philosopher "that if it is a virtue to cure, it was charity to publish justice against pride, prejudices and imposition." But a wiser Being said, "Neither can the light be hidden under a bushel."
