NO. 23.

(House Joint Resolution 17)

A Joint Resolution authorizing and directing the State Roads Commission upon request by the Mayor and City Council of Baltimore to cooperate with the Chief Engineer of Baltimore City in the making of traffic and engineering studies and surveys directed to the development of a general plan for solution of the over-all traffic problems of Baltimore City in an effort to facilitate the formulation by the City, if it so desires, of a definite program upon which a request for financial assistance by the State might be based.

WHEREAS, it is recognized that adequate traffic and engineering surveys are necessary in developing a plan for solving the many traffic problems of Baltimore City and its vicinity; and

WHEREAS, the State is vitally interested in the effects on the State highway system of the traffic problems of Baltimore City; and

WHEREAS, the Federal Public Roads Administration is likewise vitally interested in the effects on the Federal Inter-regional Highway System of the traffic problems of Baltimore City; and

WHEREAS, Federal aid is available on certain conditions for the development and improvement of through traffic routes; and

WHEREAS, such adequate traffic and engineering surveys have not heretofore been made; now, therefore, be it

*Resolved by the General Assembly of Maryland*, That the State Roads Commission of Maryland is hereby authorized and directed, upon request by the Mayor and City Council of Baltimore City, to cooperate with the Chief Engineer of Baltimore City in the making of traffic and engineering studies and surveys directed to the development of a general plan for
