

mission out of road construction Bonds. It also gives the State Roads Commission the right, if they so desire, to make this a toll facility.

This Bill if enacted into Law would completely upset the entire coordinated planning of the State Roads Commission. During the recent session of the Legislature other Bills were introduced which had they passed would have made it mandatory for the State Roads Commission to take over inadequate existing County roads, build them up to State standards, and then take same into the State System for perpetual maintenance with the cost of these projects to be defrayed from State Roads Commission revenue without any participation whatsoever from Motor Vehicle Revenue money allocated to the various Counties.

There was one such Bill introduced in Garrett County; one in Somerset County; one in Anne Arundel County; and one in Calvert County. In all four cases these Bills failed in passage.

The State Roads Commission is charged with the responsibility for planning, constructing and maintaining our State Highway System; this Bill I feel would hamper them in the discharge of these duties. Therefore, I have returned the Bill without my approval.

SALES AND NOTICES

May 7, 1951

Hon. John C. Luber
Speaker of the House of Delegates
State House
Annapolis, Maryland

Dear Mr. Speaker:

House Bill No. 603 eliminates the requirement of Section 6, of Article 83, of the Annotated Code of Maryland (1939 Edition), that legal notices in Baltimore City must be published in a daily newspaper.

The title of this Bill refers only to "Sales and Notices," "Sales Under Execution," relating to the requirements for the publication of sales under execution in Baltimore City".

The proposed statute does not have the very limited effect indicated by its title, but to the contrary affects all legal notices of any character which may be ordered by any judge, justice, commissioner or auditor to be published in Baltimore City, and eliminates the requirement that such notices shall
