

Resolved, That the nine members of the Commission be so chosen as to represent the principal geographical areas of Baltimore County and all types of interests in Baltimore County, including labor, management and general civic and public interests; and be it further

Resolved, That the County Commissioners of Baltimore County shall, in their discretion, make available funds, not in excess of Ten Thousand Dollars (\$10,000.00) to this Commission for such secretarial, technical and administrative expenses as may be incurred; and be it further

Resolved, That said Commission be requested to give a full and complete study to the governmental structure, workings and organization of county government in Baltimore County and to report, by November 1, 1953, to the Board of County Commissioners of Baltimore County and to the members of the Baltimore County Delegation in the General Assembly whatever findings and recommendations they may determine upon as best for the future government and political well-being of the citizens and residents of Baltimore County.

Approved May 7, 1953.

No. 19

(House Joint Resolution 26)

A Joint Resolution requesting the Department of Research and Education of the Board of Natural Resources to publish a comprehensive printed report analyzing the fish populations, fishery trends and fishery conditions in the tidal waters of Maryland.

WHEREAS, The populations of the fish in tidal waters of Maryland vary considerably from place to place and from season to season, thus making it difficult to determine the supply of fish or the supply of any particular species of fish; and
