

LAWS OF ANNE ARUNDEL COUNTY

Bill No. 141-70

AN ORDINANCE to repeal Sections ~~12-109.2~~ 13-109.4 through 13-109.6, inclusive, of the Anne Arundel County Code (1967 Edition and Supplements), Title 13, "Planning and Zoning", Subtitle 1, "Subdivisions", Article II, "Subdivision Design and Requirements", and to add new Sections 12-2000 through 12-2039, inclusive, to said Code, Title 12, "Licenses, Permits and Inspections", to follow immediately after Section 12-1922 thereof, and to be under the new Subtitle 20, "Grading and Sediment Control", to establish standards for grading and sediment control; to provide for permits, fees, bond requirements, basic design policy, inspection and enforcement thereof; AUTHORIZING THE RENUMBERING OF SUCH SECTIONS OF THIS ORDINANCE AS MAY BE NECESSARY OR DESIRABLE; and matters generally related thereto.

SECTION 1. *Be it enacted by the County Council of Anne Arundel County, Maryland,* That Sections ~~13-109.2~~ 13-109.4 through 13-109.6, inclusive, of the Anne Arundel County Code, (1967 Edition and Supplements), Title 13, "Planning and Zoning", Subtitle 1, "Subdivisions", Article II, "Subdivision Design and Requirements", be and they are hereby repealed.

SECTION 2. *And be it further enacted,* That new Sections 12-2000 through 12-2039, inclusive, be and they are hereby added to said Code, Title 12, "Licenses, Permits and Inspections", to follow immediately after Section 12-1922 thereof and to be under the new Subtitle 20, "Grading and Sediment Control", and to read as follows:

Subtitle 20, "Grading and Sediment Control"

Article I General Provisions

Section 12-2000. IN GENERAL.

(a) The purpose of this Subtitle is to safeguard life, limb, property and public welfare by establishing minimum requirements for the stripping, excavating and filling of land; and for control of soil erosion and sediment.

(b) The provisions of this Subtitle are minimum requirements; shall be in addition to (and not in lieu of) any other legal requirements; and shall be liberally construed to accomplish the purposes hereinabove set forth.

(c) For purposes of this Subtitle, the below listed terms shall be defined as follows:

(1) "Acceptable Outfall" means the Tidewater or that point (as determined by the Department of Public Works) at which storm water can be released to a channel without causing scouring, erosion, or resulting sedimentation to the receiving channel or its flood plain. Where necessary, the outlet shall include structural and vegetative measures to assure non-erosive velocities.
