

BALTIMORE COUNTY

23-32 Rainleaders & Gutters

Anything herein, apparently to the contrary, notwithstanding, exterior roof drains, gutters, down spouts and rainleaders may be installed, altered, repaired and maintained without obtaining a permit therefor by persons who do not possess one of the foregoing certificates, but the materials used therein and the method of construction thereof shall comply with the provisions of the Building Code.

23-33 Permits Required for Tapping Sewers or Drains

No person shall tap sewers or drains in public or private streets, alleys or right of ways unless a permit for such tapping is first obtained from the Director of Public Works of Baltimore County. When the application is to tap a private sewer or drain, the written permission of the owner thereof shall accompany the application and shall be retained among the records of the Department of Public Works. The tapping of all sewers and drains, public or private, shall be under the supervision of the Director of Public Works or his authorized agent. All permits to tap public or private sewers or drains shall be issued on the condition that the recipient thereof assumes all risk, damage, injury or loss resulting therefrom.

23-34 Information as to Existing Sewers

Information concerning the size, location, and depth of public sewers or drains and the position of branch junctions and appurtenances will be furnished by the Department of Permits and Licenses when application for such information is made. All reasonable care will be taken to insure the correctness of such information. If a connection is not at the point specified on a permit, it shall be the responsibility of the Administrative Authority to have the same located.

23-35 Constitutionality and Validity Declaration

The provisions of this Act are severable if any section, sentence, clause, phrase thereof is, for any reason, held to be unconstitutional or invalid, such a decision shall not affect the validity of the remaining portions of this Act.

23-36 Penalties

Any person, firm or corporation who individually, collectively, or through others shall construct, erect, alter or repair any plumbing or gas fitting work in violation of any provision of this Title upon conviction
